About the Crashman:

The Adventures of Crashman is an “edutaining”, humorous, and memorable one man play about the real life perceptions and experiences of Bill, who was diagnosed with epilepsy as a young boy. Bill eventually became an actor and decided to use his talents to tell his story as a way of reaching out to, and inspiring other young people—especially those who also struggle with a seizure disorder. The play is suitable for youth aged 12 to 15 years of age. The time required is approximately 1 hour. There is no charge (donations are welcome but not mandatory). **For information contact Carla at the Epilepsy Association of Calgary at 230-2764.**
